Dear Ms. Winkler:

Thank you for following up with the Chairman of the Stamp Advisory Committee regarding the stamp suggestion to mark the 100th anniversary of the Peace Arch in 2021. We appreciated receiving the additional support letters and the infographics, which were added to the file.

I assure you that this subject is on the list for consideration by the Stamp Advisory Committee for the 2021 stamp program. Final decisions for next year's stamp program will be made this year. Once final decisions are made and approved by the Board of Directors, we will send a letter to those who had submitted a suggestion. I have confirmed that you are on the recipient list.

Again, thank you for writing, and I appreciate your continuing interest in our commemorative stamp program.

Yours sincerely,

Jim Phillips
