Re: Application by the International Peace Arch Association for a Joint Issue Postage Stamp

To whom it may concern:

Maryhill Museum of Art supports the application by the International Peace Arch Association for the Peace Arch to be featured on a Joint Issue Postage Stamp in Canada and the USA.

The museum has a unique relationship to the Peace Arch in that its founder, Samuel Hill, was instrumental in the creation of the Peace Arch to recognize peace both here and around the world. The Peace Arch still stands as a symbol of peace today. Hill's belief that peace is fundamental to humanity is more important than ever before.

A Joint Issue Postage Stamp would not only honor those efforts a century ago, but peace efforts everywhere.

Like many people on both sides of the border, we believe that recognizing the International Peace Arch on a postage stamp is long overdue. Specifically, we believe the Peace Arch should be featured on both U.S. and Canadian postage stamps to commemorate its one-hundredth anniversary.

Sincerely,
